

## Donate Stocks and Securities

Making a gift of stock, bonds, mutual funds or other publicly traded securities to Stand.earth allows you to have an immediate impact on climate action while receiving significant tax benefits.

Donations of stocks and securities are one of the most tax-efficient ways to give to charity. Your donation is tax-deductible to the extent permitted by law. By making a charitable gift, you may also be eligible to significantly reduce what you would otherwise owe in capital gains taxes.

As with any tax-related questions, we encourage you to consult with a qualified, professional tax advisor.
